

# The Proof

Vlad Korbelt

How do **I** know  
**I'm** the light?

Through the reflection  
Of the light that

Illuminates **your** eyes  
When **you** look at **me**.

How do **you** know  
**You're** the light?

Through the reflection  
Of the light that

Illuminates **my** eyes  
When **I** look at **you**.

Now **we** both know  
**We're** the light.

**We** both know  
That **we** are **ONE**.

If you seek a simple proof;

“Let there be **The Light!**”
